A LITTLE BIT ABOUT US

BUILDING EXCEPTIONAL HOMES IN THE SOUTH WEST

So how does this all happen? Well, it's not a 'how' but a 'who' – it's our experienced, caring team who understand quality – using our vast, previous knowledge of housebuilding, we know what works in homes and communities.

We've been doing this since 2015 and will continue for many years to come as we do the right thing for you, our team members, our tradespeople, and the environment – to help make the south west an even nicer place to live.

Baker Estates: **Good things happen here**

Whenever you visit one of our developments, you'll notice how well-built and thoughtfully designed the homes are. That's because we incorporate products like locally sourced, natural stone, durable kitchen appliances and solid internal doors. This is understandably important, but you'll also pick up on something equally key – the thriving community we've created.

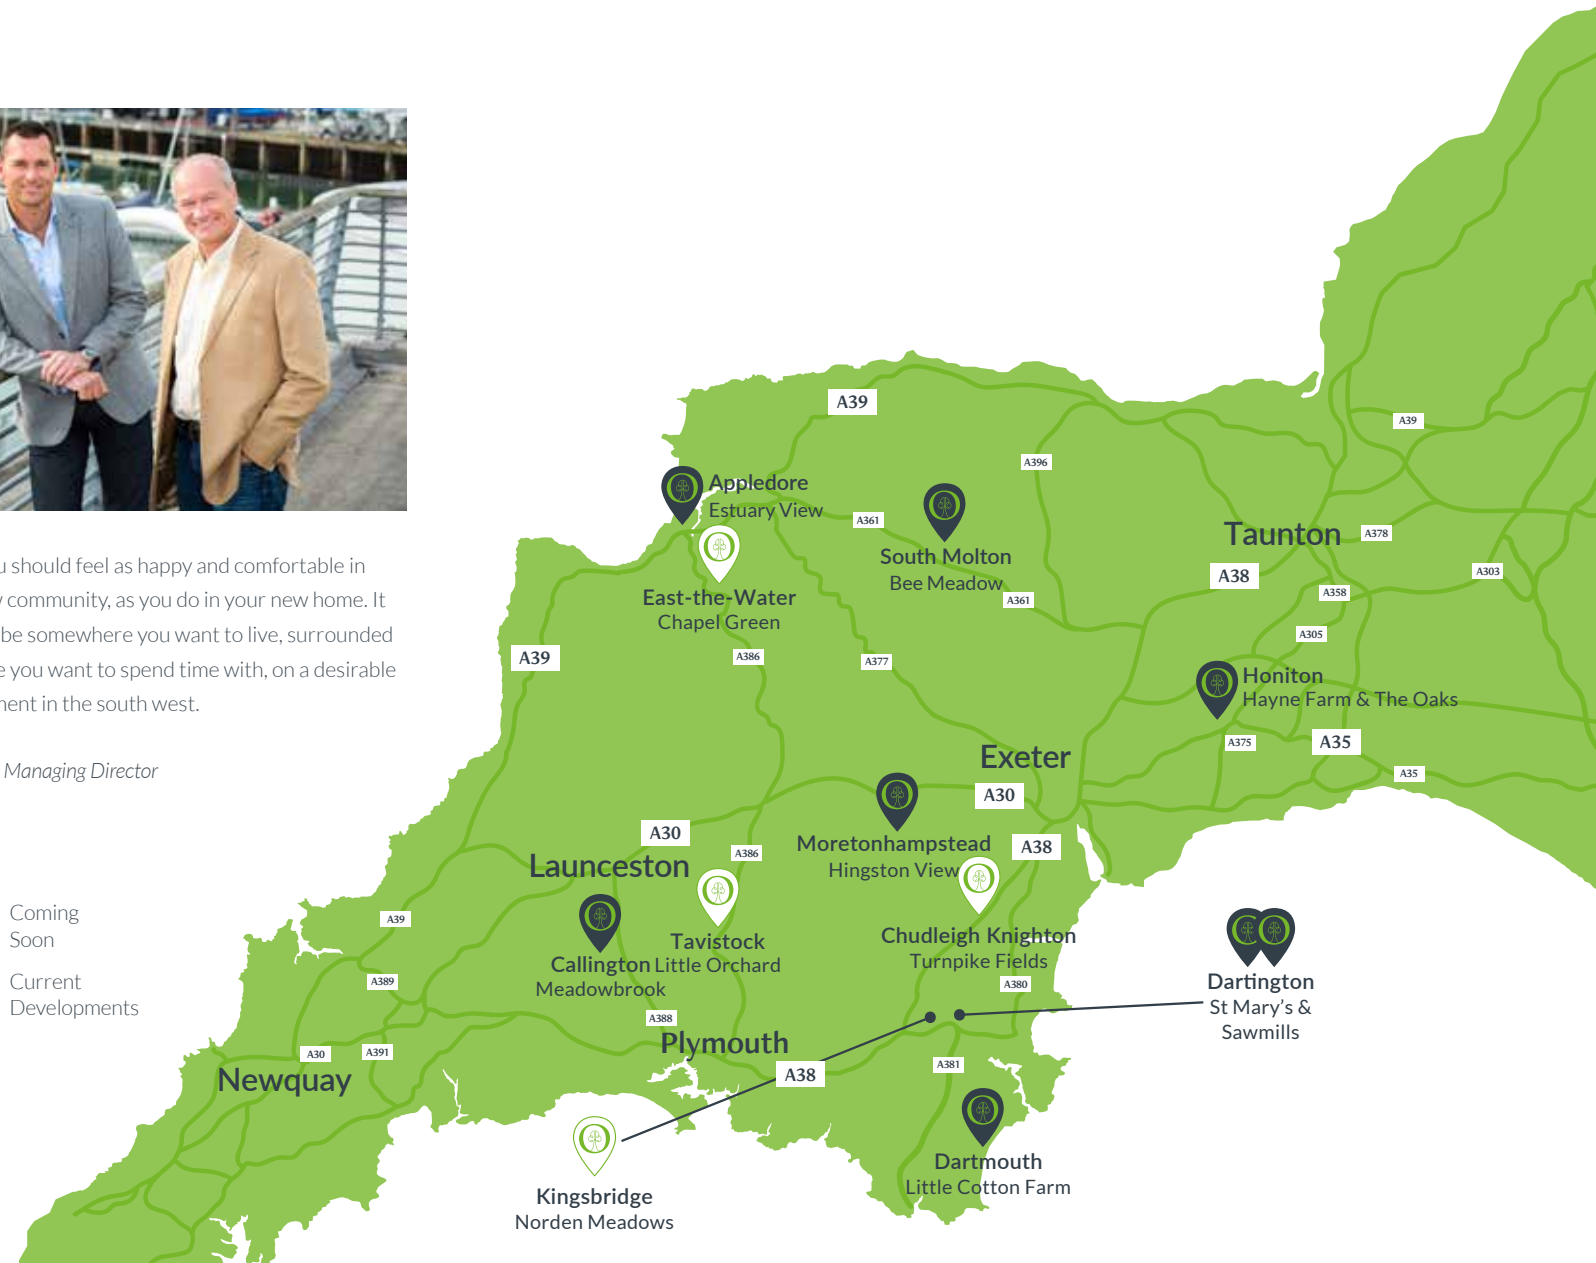

To us, you should feel as happy and comfortable in your new community, as you do in your new home. It needs to be somewhere you want to live, surrounded by people you want to spend time with, on a desirable development in the south west.
